

MANTA SAR MH3 HELMET

The Manta SAR Helmet is a high performance multi-role technical rescue helmet for the most demanding work environment, with the facility to fit a variety of accessories including ear protection, headsets and face shields.

The helmet has a high level of impact protection providing excellent protection from impact and shock from above and the sides. MH3 is used by many Fire, SAR, Coastguard, Ambulance and Rescue teams around the world. Excellent for roadside rescue. MH3 is tested to 7 international standards, giving it the versatility to be used in many applications.

Full face marine visors are available for extra protection from the elements, made of a strong clear thermoplastic meeting the highest standards of **EN166**. Visors can be worn with other combinations of waterproof hearing protection and headsets.
