

APPROACH PFD

WATERSPORTS VEST

Our Approach PFD is a stylish and functional buoyancy aid, designed specifically for all aspects of recreational water sports, such as kayaking, canoeing, stand up paddle boarding, canyoning and other similar activities.

The approach is a type 3 PFD, providing an excellent fit and floatation. It is a simple, safe and great value option for anyone looking for a comfortable and effective PFD to complement their recreational on-water activity. It's design and cut, including wide armholes, ensures that excellent freedom of movement, for your comfort and unrestricted paddling motion, is always achieved.

Available in 3 sizes (XS-S, M-L & XL-XXL) it is quick and easy to don via the zipped side entry, also featuring a Velcro zip flap for added protection. It also features adjustable side and shoulder straps to ensure that the perfect fit is always achieved, for your comfort and protection. The eye-catching bright red design is not only stylish, but also ensures the wearer remains highly visible even in low visibility, challenging conditions.

For your ease and convenience, there are large, zipped pockets at the front and rear to safely store and secure your essential items. There is also a front mesh pouch complete with a safety whistle - an essential item for any outdoor excursions, allowing you to attract attention easily and effectively should an emergency situation arise.

Features

- Type 3 PFD
- Front and rear zipped pockets
- Front mesh pouch with Velcro® close
- Safety whistle
- Adjustable side and shoulder straps
- Neoprene lined shoulder straps for additional comfort
- Subtle reflective detailing
