

Aquarious Travel 10'6" Inflatable Stand up Paddleboard

The Aquarious Travel is the lightest inflatable stand-up paddle board in our range, perfect for those seeking a truly portable and travel-friendly option.

Despite its impressively low weight of only 10kg (22lb), strength and durability are not compromised. Thanks to the high-quality construction, composed of military grade PVC with non-slip EVA decking, a comfortable and stable ride is guaranteed for paddlers on both calm and choppy water. You can even share your paddleboard adventure with a friend as the Travel can fit two people onboard (if the combined weight is within the maximum limits).

FEATURES
