

RESCUE BOATS

INFLATABLE WITH ALUMINIUM FLOOR

Inflatable boats manufactured with aluminium floor panels are quick and easy to assemble, giving a stable floor to stand on.

Why purchase an inflatable boat?

- Safe and effective in Rescue ops
- Rapid-deployment for rescuers
- Easy to recover a man overboard
- Highly maneuverable
- Efficient in shallow waters
- Fast inflation system
- Large buoyancy tubes
- Safe and stable
- Heavy duty and lightweight
- Easy to fold and to carry
- Transportable by a two men crew
- Easy maintenance
- Fully equipped to deploy in the field

Northern Divers inflatable boats are available in DS300, DS400 as standard. DS500, DS600 and models in between may also be available upon request. If you do not see the specification of boat you require please contact us. We can create an inflatable to your exact requirements no matter how big or small the request.

Standard boat options are as follows:

- Choose your model size
- PVC or hypalon fabric construction (models may vary)
- Fold away aluminium panels
- Choose your colour
- Brand with your team crest /logo

Extra boat options are as follows:

- Reinforced transom
 - Rubber reinforcements
 - Storage pockets
 - Additional d-rings
 - Suzuki outboard motor
 - SBS bunk style trailer
- *Extra options must be requested

What's Supplied With The Inflatable?

- 1 (or) 2 Inflation Valve Fittings
- 1x HP2 Inflation Hand Pump
- 1x Storage Bag
- 1x Repair Kit & Tools

Choose from 5 colour options. Custom branding also available.

Inflatable boats are also available in both PVC and HYPALON fabrics. Please contact us to discuss your specific requirements.
